"Conflicting Statements

The last number of the Walla Walla *Statesman* contains a severe criticism in reply to a statement published in the *Oregonian* some weeks ago, relative to a difficulty between Mr L. F. Beatty and certain county officers of Walla Walla county, on the 22d of June last. The *Statesman* presents quite a different phase to that transaction, and makes several serious charges against the private character of Mr Beatty, and intimates that the *Oregonian* should copy the article for the benefit of its readers, and in justice to the people of Walla Walla county. We have only to say in reply, that we did not accuse the people of Walla Walla county, or any particular citizen thereof, as being secessionists or sympathizers with treason, but simply gave the story as told to us by Mr. Beatty while in conversation with him shortly after his arrival in this city. We wish it distinctly understood that we have not, nor do not intend to avow the cause of either side in this disgraceful affair, only stating as we did in the previous article, that if the statements of Mr Beatty are true the conduct of his accusers, and particularly that of the officials of Walla Walla county, should receive the unqualified condemnation of every honest patriot and law and order loving citizen of the country. Now, as to the *facts* in this case, we will state why we believed Mr. Beatty gave a correct statement.—First, because Mr. B has heretofore borne a very fair reputation as a peaceable and orderly citizen and a gentleman of considerable ability, having represented Walla Walla county in the last Legislature of Washington Territory, and maintained a respectable position as a talented tragedian upon the stage, in nearly every city and town on the Coast. Secondly, we reasonably concluded that Mr. Beatty would not deliberately report upon the streets of this city, stories involving such serious charges, and which he knew would become a public matter, and which if proven false must effect his reputation as a gentleman of veracity and his standing in his profession, unless there was some foundation and truth in them;—and lastly, because we were shown at the time, the following certificates which go far to corroborate his representation of this affair:

TERRITORY OF WASHINGTON, } ss
County of Walla Walla }

I hereby certify that L. F. Beatty appeared before me, June the 24th, 1862, to stand an examination upon a charge of sedition and exciting a mob against the civil authorities, and no person or persons whatsoever appearing against him, and from the best information that could be obtained by the Court, the Court does believe that the charge is unfounded and malicious and that the defendant is hereby honorably discharged.

Given under my hand at Walla Walla City, June the 24th, A. D. 1862.

W. P. HORTON, J. P.

WALLA WALLA BARRACKS, June 24, 1862.

MR. L. F. BEATTY:—Sir: Hearing of the embarrassing situation in which you are placed by simply undertaking to defend and maintain a soldier's right to walk the streets of Walla Walla unmolested, and whereas, you have been persecuted by the secessionists of Walla Walla, and deprived of your civil rights and liberty; brought back to this place like a felon, and discharged like a pauper, by those that should protect all good citizens alike whether soldier or civilian, and there being no way in which you can possibly obtain redress or indemnity at law, we do hereby certify by our Sergeants, that you have in no manner urged us to violate the civil law but on the contrary have done nothing but what every good citizen should do to bring those that committed the infamous outrage and murderous assault on one of our comrades, to trial, and we are glad to find that although the law may be beaten down and trampled under foot by those in authority that you have sufficient patriotism to vindicate a soldier's rights. Enclosed you will find a small earnest of our feelings towards you, and if you will not accept it as a gift you can receive it as a loan until you are able to return it to those who feel a warm interest in your welfare, and wish to see you going on in your way. With the highest consideration and respect, believe us to be truly your friends.

JOHN CHAPMAN, Co. A, 4th Inf. C. V.
SAM. W. SMITH, Co. C.
G. D. GIBSON, Co. B, 1st Reg't C. O. V.
Sergeants of the Companies.

With this we leave the matter to be settled between the parties as best it may, as we care little about it and presume our readers care less. We will say in conclusion, however, that if Mr. Beatty has wilfully misrepresented the County officers of Walla Walla county, and the people generally of that section, and if the statements made by the *Statesman* relative to his private character and actions towards his family are true, he deserves and will receive the unmitigated condemnation of an intelligent public [illegible] his former good reputation will sink into [illegible] disgrace and infamy.

COMING [illegible]—A gentleman writing from Denver City under date of June 15th, to a friend in this city says:

"There is a perfect stampede for the new mines on Salmon river [illegible] I hear there are from 30,000 [illegible] people going to Oregon [illegible] the Atlantic States. [illegible] the plains [illegible] miles. [illegible] and this is the [illegible] crossed the plains."

From this and other [illegible] we are satisfied that a much larger immigration is coming this season across the plains fully equal, if not greater than that of last [year] [illegible] Walla Walla [illegible] population and what it comes we will [illegible] gain all the other advantages [illegible] long hoping for.

MOVEMENT OF TROOPS.—The [illegible] came down from Oregon City yesterday Company B, California Volunteer [illegible] commanding, which has been for a long time at Fort Hoskins, en route to Vancouver at which point they are to await the arrival of a steamer for San Francisco. Two more companies from Walla Walla under command of Maj. Curtis, are expected down in a day or two, when all three Companies will take their departure for California according to orders recently issued to them to return.

The *Real* also brought down a considerable number of citizen passengers and a large amount of freight principally flour. Great quantities of freight are daily arriving from the upper Willamette, and trade in that direction is quite brisk.

WHOLESALE MURDERER.—The Carson City *Silver Age* publishes a detailed account of the desperate character of a man by the name of Slade, who is employed as agent for a division of about three hundred miles of the Overland Stage Route. He is said to be the terror of all the settlers, and the dislike of all the drivers and station keepers on his division. He has the reputation of having killed fifteen or sixteen persons last Summer, and those that he is known to have killed since, will increase the number to twenty persons. Slade is about thirty years of age, of small stature, very wiry, sharp cheek bones, an aquiline nose and brown hair. This demon in human shape, if all alleged about him is true, has had many romantic and hair breadth escapes, and it is singular that a man of his character should have been so long employed by the Overland Company, as he is discreditable to the Company, and a terror to the limited number of overland travelers.

SAD CONDITION OF AFFAIRS IN THE COLORADO MINES.—Correspondence from the Colorado mines represents a sad condition of affairs in that region. The miners are discouraged; gold scarce, heat and drouth unendurable.—Every one who has the means is leaving. Many had perished from heat and thirst. It is feared that others will have the same fate. The thermometer rises to 140 and 150 degrees in the sun. Even Indians only endure the climate. Five murders have already occurred. Water is packed from the river nine to fifteen miles; water carriers have to defend their lives with pistol in hand. Several bloody affrays had occurred about water.—Men and animals attempting to get away from the mines perish on the route. A forty mile desert must be crossed and those who attempt it on foot perish. Some commit suicide to escape suffering.

FROM ARIZONA.—A dispatch to the *Bee* of recent date, has the following:

A letter from an officer in General Carleton's column, Arizona, says that they are on half rations. They had exchanged white flags with the Apaches, and had a talk with the Chief, who assured them that they never killed a white man or stole a mule, and agreed to a peace. Carleton is in possession of all the forts in Arizona. The Texas rebels are leaving Mesilla valley. All quiet and dull in Arizona, and soldiers getting tired of the inglorious service.

APPOINTED.—We learn that the County Commissioners Court of Multnomah county has appointed Mr. William Grooms Coroner for the county. Mr. Grooms now holds the official position of City Marshal, Constable and Coroner, and he is confident that he has a *dead* thing on all evil doers and disorderly customers.

WASHINGTON, July 5.—A dispatch from McClellan to the War Department dated one o'clock A. M., July 4th, says: No fighting since Tuesday night when the enemy were repulsed with great slaughter. The position now occupied affords superior advantages for co-operation with the gunboats of which seventeen are now in the river protecting our flanks. A statement of the results in the seven battles of seven days cannot yet be furnished. Our forces were not beaten in any conflict. No guns have been lost since the 27th, when McCall's Division was overwhelmed, and twenty five pieces fell into the hands of the enemy.

NEW YORK, July 5.—The battle of Tuesday lasted from five A. M. till nine P. M. We took twenty four guns from the rebels who came up always three or four lines deep. The canteens of the rebels were filled with whisky and gunpowder.

JOHN BELL A PEACEMAKER.—Captain B[illegible] of the Tenth Ohio Regiment, who has arrived at Evansville, Indiana from Huntsville Alabama, states that Gen. Mitchell has granted passes to John Bell and Jere Clemens to visit Washington, for the purpose of re-establishing peace in the Southwest.

LATER FROM THE EAST.

Particulars of the Battle before Richmond—Rebel Papers admit a Loss of 30,000—[illegible] of Burnside—Death of Rhett.

SACRAMENTO, July 12.

CAIRO, July 2.—Advices from Vicksburg to the [illegible] say the canal across the point opposite Vicksburg is nearly completed. The negroes on the work are collected from various plantations in the vicinity. The canal will leave Vicksburg [illegible] miles from the river.

[illegible] arrived from above and the [illegible] that it was kept up at intervals by both [illegible] and the rebel works would [illegible] on the 4th.

[illegible] not to have been so badly [illegible] as at first reported. A story had [illegible] that several hundred rebels [illegible] killed.

[illegible] July 7th.—The Richmond *Dispatch* [illegible] death of Stonewall Jackson [illegible] Barnwell Rhett. Gen. Longstreet was wounded.

[illegible] MONROE, July 4th.—Among the [illegible] arrived from James River are [illegible] 2 Colonels, a Lieutenant [illegible] Major. It is stated that the [illegible] Thursday, in which the [illegible] back ten miles with great [illegible] men and cannon. There is nothing definite however.

[illegible] arrived from Washington to-[illegible] went up James River. A skirmish [illegible] near the left wing which [illegible] in the defeat of the rebels. We [illegible] several prisoners and also three small batteries. Our cavalry followed the enemy [illegible] White Oak Swamp.

A [illegible] gunboat was captured to day on James River and brought down the river riddled with balls.

NEW YORK, July 7th.—The latest from McClellan's is by telegraph up to yesterday evening, July 6th: all quiet and the army in good spirit.

In a conversation with General Patterson McClellan is reported to have said: "We have fought a battle every day for a week and whipped the enemy every time, though they had three to our one."

CORINTH, July 7th.—10,000 rebel troops are reported to be at Mobile. The citizens of that place are confident the city cannot be taken. Fortifications were erected months ago.

Bragg is said to be in command of 40,000 troops at Tupelo.

MEMPHIS, July 6.—The Fourth of July was appropriately celebrated here with music, [illegible] and toasts. Salutes were fired in the morning, at noon and in the evening.

NEW YORK, July 7.—The Tribune says at Thursday's battle the fight was very severe, and extended along our whole line. We lost many men and officers. It was chiefly an artillery fight but our men made several splendid and successful charges. The enemy's troops were desperate, and having been previously made drunk they staggered up to our guns to be mowed down by hundreds. We drove them back with great loss.

In the fight on the 1st, Morrison's division suffered most. The 15th N. Y. regiment was annihilated. The 40th N. Y., 23d Penn. and 10th Mich., also suffered. Butterfield's brigade brought in three stand of colors taken from the enemy on the field. Hooker's fighting division went to the Peninsula, 11,000. Now they number less than 5000.—The severest sufferers in the division were the 1st, 11th and 16th Massachusetts.

NEW YORK, July 7.—Letters confirm the report of the skirmish on Thursday, in which we captured six guns and some prisoners.

The papers of Richmond dated July 4th acknowledge a loss of 30,000, but claim a victory.

PHILADELPHIA, July 8.—The *Press* has a dispatch dated Newbern, North Carolina, July 2d, which says Burnside's entire army is now moving towards Richmond.

NEW YORK, July 9.—Burnside's entire army has formed a junction with McClellan's army. Burnside made preparations for an advance from Newbern on Tuesday last. That day dispatches received changed the complexion of things. On Wednesday all the troops were on board the vessels and the command sailed down the Neuse river.

The Richmond Examiner of July 4th, calls the battle of Tuesday the fiercest and most sanguinary of the series of bloody conflicts. It says when Magruder's command was ordered to charge on the strongest Federal battery, and officers and men went down by hundreds while the horrors of the battle were increased by the broad sides of the enemy's gunboats. The carnage from the withering effect of the federal gunboats and artillery was dreadful.

The Confederate lines wavered and fell back twice to the cover of the woods. An effort was again made with the same result.

The Examiner says: Tuesday's battlefield presented a scene too shocking to be dwelt upon without anguish. The woods and fields of the Western side were covered with our dead, in all degrees of violent mutilation, while on the Eastern side lay quite an equal number of Federals. Many of our men were still alive, having been left by their friends in their indecent haste to escape the ravages of the Federal shells. Everywhere was discernable through the woods, long avenues cut through the trees by the enemy's shot; trees three feet thick were burst open and split into splinters.

FORTRESS MONROE, July 8.—Gen. Burnside is here and appears in good spirits.

President Lincoln arrived here early this morning accompanied by several officers, among whom is supposed to be Gen. Halleck. After a short interview with Burnside, he proceeded to James river.

Flag Officer Wilkes arrived here this morning. It is understood he is to command the James river fleet.

CHICAGO, July 8.—A dispatch from Vicksburg dated the 2d says Farragut's fleet was repulsed on Saturday after a fight of two hours. The rebels are said to have 16 batteries above and below the city.

McClellan has advanced seven miles up the river since the 4th. He has issued an address to his army concerning the operations of the last ten days. He says: "You have succeeded in changing your base of operations by a flank movement—a movement always considered as a dangerous military expedient; you have saved all the material except a few guns lost in battle, and under every disadvantage of numbers and position, you have in every conflict beaten back the enemy."

The number of Federal prisoners at Richmond is stated at 45,000, Gen. McCall being among the number. The Richmond papers intimate that there is danger of demoralization of their army, and says that when a whole Division turns its back upon the foe the safety of the whole army is imperiled.

SUPREME COURT.—*Third Day.*—John Cummins was admitted upon examination as an Attorney.

Mulkey *vs.* Fearnside,—Judgment affirmed with damages, $194 15.

Raleigh *vs.* Brewster,—Judgment affirmed, with damages, $1,453 90.

Lind *vs.* State of Oregon,—Affirmed with fine of $100.

The Court has been occupied most of the day in hearing argument of the case of Parrish *vs.* Willamette Woolen Manufacturing Company.

ACADEMICAL.—The examination at the Academy continued during yesterday, and the time we spent there was creditably disposed of by the several classes. The first class we had the pleasure to witness examined was in the University Arithmetic. This class is composed of a large number of students, and they gave full evidence of thoroughness in that important branch. The Composition Class, under the instruction of Miss Foster, exhibited a familiarity with the text and the rudiments of the art, in the highest degree commendable. The class in Geology gave entire satisfaction to the Examining Committee as to their acquaintance with the science as treated in their text. Two classes in Mathematics, one in Algebra, and one in Geometry and Trigonometry, each, respectively, passed a creditable examination. Portions of the Eneid of Virgil were read by the Latin class with a fluency which evinced considerable discipline in the study of the language. A short time was spent on the class in Mental Philosophy. Some of the principal subjects of the science were well discussed. The exercises during the day all seemed to be entirely satisfactory to the Committee of Examination.

The following is the order of exercises for to-day:

Thursday, nine A. M.—Morning Devotions. Butler's Analogy and Zoology.

Ten o'clock—Kames' Elements Criticism and Logic.

Eleven o'clock—French and Rhetoric.

Twelve o'clock—Botany and Physiology.

Seven and a-half P. M.—Exercises of Graduating Class.

Friday—Seven and a-half P. M.—Reunion at the Seminary.

LECTURE.—At the M. E. Church last evening a large audience assembled to hear the address of Hon. J. G. Wilson, of Salem to the students of the Female Seminary. Mr. Wilson's theme was a very appropriate one. We receive our impressions of times by their representative men. He selected and most elaborately prepared the biography of *Cardinal Wolsey—the last Ecclesiastical Chancellor of England.* His lecture abounded in fine classical allusions, historical facts, and lucid deductions of legal and ecclesiastical principles. His delivery was good, and all that intelligent audience, in which the ministerial and legal professions were largely represented, must have gone away wiser than when they came. The exercises of the evening were opened with prayer by Rev. Mr. Dillon, and closed with the benediction by Rev. Mr. Caffrey—the Principal of the Seminary presiding.

ARRIVAL.—The bark *Jane A. Falkinberg* was towed up to Couch's Wharf Tuesday evening last by the steamer *Jennie Clark*, where she is now discharging a heavy shipment of freight. The following is her freight list:

Oregon Steam Navigation Company, 800 packages; Hurgren & Shindler, 20; Smith & Davis, 45; M. Seller, 2; D. Mason, 70; Fitch & Co., 426; Ladd, Reed & Co., 870; A. Cohn & Co., 450; P. The Future of Oregon.

Recent advices from the East inform us that a large emigration is on the way to this coast. There is no doubt but that the still continued consequent upon the unhappy civil war which is now devastating the land, has caused already, and will cause for years to come, large emigrations hitherward, of the best elements of society from the States suffering most from our national difficulties. It is not the reckless adventurer and the thriftless citizen that these troubles will drive upon us; for they, in the anarchy that prevails in some portions of our country, have either attached to the army or to gangs of guerrillas, and obtaining their subsistence thus for the present and reckless for the future, they have no inclination to leave those exciting scenes for the shores of the Pacific, which, true to the name of the ocean that laves them, have enjoyed, and we hope shall hereafter ever will, the blessings of thrift and peace.

The emigrants now coming are of a very different class. They are generally large land owners, good citizens, and conservative men, who by endeavoring to avoid the broils of civil war, and live in quietude and peace, have been the marked victims of lawless bands of soldiery or unscrupulous gangs of guerrillas. Thus having seen their farms devastated and their homes despoiled on which they had bestowed the labor of years, and where they had fondly hoped to spend a green old age in the enjoyment of the blessings that had been purchased by honesty and industry, they now gather together the remnant left, and bidding a final adieu to the scenes of their sorrows, they turn their faces toward the setting sun, and with hope renewed, journey forth to the beautiful shores of the Pacific.

There is no doubt that a considerable portion of the emigration hither will eventually settle in Oregon. And it is to this new infusion of population that we look with high hope. Though blessed by nature with advantages of a superior character, a fertile soil and a salubrious climate, yet Oregon has made but small advances in her general development. The rule heretofore invariable has been well exemplified here. Wherever nature does most for a country, there the denizens do the least.

In New England, where the yeomanry have to wage a constant warfare with nature, and delve for a livelihood in the hardest and most reluctant soil, we witness the uninterrupted evidences of thrift and plenty. And in other portions of our domain where nature has been more prodigal and where such stern necessity for constant, unremitting labor does not exist, there, where seemingly we would expect most, we find least. In this view of the case we can view the accession to our population but with the highest hope and the fondest expectation. A large increase of population in a country, to a certain degree, limited in extent, will throw upon us the necessity for more constant unturing labor. And this labor will bring thrift, and thrift will bring all those attendants with which home is rendered attractive and life a round of healthful enjoyment. It cannot be far distant when we may expect to see our young State compare favorably with her older sisters. It cannot be long before our valley will be dotted with thriving hamlets, our thoroughfares alive with the busy throng of yeomanry laden with the spoils coming from a luxuriant soil, our hill sides covered with the plentiful growth of harvest, and above all our cross roads enlivened by the neat school house and church edifice, those unmistakable evidences of the morality and intelligence of a community.

Grass Hoppers.—A subscriber writing from Jackson County informs us that the grass hoppers are becoming numerous in that vicinity.

ESTABLISHED IN 1854 FOR THE PERMANENT cure of all Chronic and Private Diseases, and the SUPPRESSION OF QUACKERY. Attending and Resident Physician, L. J. CZAPKAY, M. D., late in the Hungarian Revolutionary War, Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital of Pesth, Hungary, the late Lecturer on Diseases of the Genito-Urinary Organs and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.

Particular attention paid to the treatment of diseases peculiar to Women and Children.

Office Hours—From 9 a. m. to 9 p. m.

Communications strictly confidential. Permanent cure guaranteed or no pay. Consultations by letter or otherwise FREE.

Address, DR. L. J. CZAPKAY, San Francisco.

Of all diseases, the first great cause
Springs from neglect of Nature's laws.

To the Afflicted:

Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance, and all diseases arising from a derangement of the sexual organs—[illegible] Loss of Memory, Loss of Power, [illegible] Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Diseases, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes a destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self abuse, that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

Irregularities and all diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the State, Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief

Below we publish the certificates of three of the sufferers from the purge of disease, who having recovered their former health, are impelled by gratitude to acknowledge their cases and remedial agent, and their statements are authenticated by a Notary Public. The humanity of the thing [illegible] commands their publicity, and we commend them perusal to the all unfortunately afflicted.

Certificate.—The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practice of youth, the life passing in youth depressed [illegible] and I unable to perform even the most trifling duty imposed upon the ordinary avocations of life. I sought the advice of many physicians, who at first regarded my disease as of trifling importance; but alas! after a few weeks and in several instances months, of their treatment, I found, to my unutterable horror that instead of relief my symptoms became more alarming in their torture, and being told by one that my disease being principally confined to the brain, medicine would be of little consequence. I despaired of ever regaining my health, strength and energy; and as a last resort and with but a faint hope called upon Dr. Czapkay, who after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care and by a strict adherence to all his directions and advice my head became clear, my ideas collected, the constant pain in my back and groin, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement, the misanthropy and evil forebodings, the self-distrust and want of confidence in others, the incapability to study, and want of resolution, the frightful, exciting, and at times pleasurable dreams at night, [illegible] have all disappeared, and in fact, [illegible] after having consulted the doctor [illegible] a new life—that life which but a short time ago [illegible] by my own hand. With the view to guard the unfortunate from falling into the snares [illegible] I deem it my duty to offer this testimony [illegible] skill of Dr. Czapkay, and recommend him to all [illegible] in need of medical advice, being assured by my own experience that a cure under his care [illegible] will be effected.

Subscribed and sworn to before me this seventh day of April A. D. 1856. Signed

MARYSVILLE, June 3d, 1856.
DR. L. J. CZAPKAY, San Francisco—[illegible] I have used the last of [illegible] and I don't think I shall need any more, as I feel very well, except that I have not entirely got my strength yet, but am well with the appetite I have. It is just three weeks [illegible] since I called at your institute, [illegible] I thought broken entirely, and I never thought [illegible] would be able to cure me perfectly, but thought [illegible] be able to do something to ease the pain [illegible] and strengthen my nerves, so that I would not get excited and tremble at everything. Now [illegible] you know what I expected, you may judge of my satisfaction at my complete recovery from those symptoms and the removal of those sores and blotches from my skin and the church in my throat and the rottenness of those muscles which I had [illegible] principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having fully [illegible] I feel as well as any man [illegible].

Enclosed I send you twenty dollars over your charge and think myself cheaply cured. If you think anybody will be benefited, you may put this letter in the newspapers. Believe me gratefully yours, THOMAS HAYDEN.

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by and by the desire of my heart, I wish to lay before the public a case which deserves a commendation not only on account of the skill, but that of humanity also. About two years ago I suddenly and from causes unknown to me was seized with a fit of epilepsy, which [illegible] to meet the expenses consequent upon [illegible] medical treatment and the discouragement which I met with on attempting it soon became such I was then led to believe as to defy the skill of any physician. I was frequently while in pursuit of my calling thrown down to the ground without the slightest warning; and although insensible to the agonies I yet despised the misfortunes of my life and soon learned to look upon those who would render assistance or shelter me from danger as enemies who sought to prolong the existence of my miseries. While in this state, and having previous to my affliction tested the [illegible] I was induced to attempt seeking another physician, and by recommendation called upon Dr. L. J. Czapkay. I told him of my circumstances, and of my inability to reward him for his services, regardless of which he [illegible] undertook my case and with the blessing of God [illegible] restored to perfect health, [illegible] reward him [illegible] health which I enjoy at present and yet [illegible]. I consider it due to myself and all afflicted to make this case public, in order that those [illegible] may find a physician who [illegible] place.

SEWING MACHINES
ARE UNEQUALLED BY ANY FOR
BEAUTY AND SIMPLICITY OF CONSTRUCTION
—AND—
Efficiency in Working.

A GOOD SEWING MACHINE SHOULD BE WELL MADE, simple in its construction, and easily kept in order; should make a tight stitch, alike on both sides of the material, and should sew any and all materials that can be sewed.

It should be able to use cotton, thread, or silk, directly from the spool, and to sew from coarse to fine, and from thick to thin, with rapidity, and without breaking the thread. It should also be able to make the tension greater or less, on both the under and upper threads, with uniformity, and should have a *straight* needle, curved ones being liable to break.

The needle should have perpendicular motion—this is absolutely necessary for heavy work.

It should be able to bind with a binder, hem with a hemmer, should stitch, fell, run and gather, and should be always ready to work.

It should be capable of using the same size thread on both sides of the work, and of using different colored threads or silk, above or below, to correspond with any two colors of cloth to be united.

It should be able to make a long or short stitch, and to fasten off the seam and commence sewing tightly at the first stitch, and to run easily and make but little noise.

It should have a wheel feed; no others are in constant contact with the work.

It should not be liable to get out of order, neither should it require a screw driver or wrench to set the needle.

It should not [illegible] the operator's dress.

It should not form a ridge on the under side, nor ravel.

D., Late in the Hungarian Revolutionary War, Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital of Pesth, Hungary; the late Lecturer on Diseases of the Genito Urinary Organs, and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.
☞ Particular attention paid to the treatment of diseases peculiar to Women and Children.

Address, DR. L. J. CZAPKAY, San Francisco.

Of all diseases the first great cause,
Springs from neglect of Nature's laws.

To the Afflicted:
Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate, the case recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which with the disease hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices, my patients can be restored to robust, vigorous health.

Irregularities and all diseases of males and females treated on principles established by fifteen years of practice, and sanctioned by thousands of the most remarkable cures.—Medicines with full directions sent to any part of the State of Oregon and Washington Territory by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief.
Below we publish the certificates of three of the sufferers from the pangs of disease who, having recovered their former health and impelled by gratitude, make known their cases and remedial agent, and their statements are authenticated by a Notary Public. The [illegible] imperatively command their publicity, and we commend their perusal to the attention of all afflicted.

Certificate.—The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay, for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practice of uncontrollable passion in youth, depressed in body and mind, unable to perform even the most trifling duty imposed upon the ordinary avocations of life, I sought the advice of many physicians, who at first regarded my disease as of trifling importance—but alas! after a few weeks, and in several instances months, of their treatment, I found, to my unutterable horror, that instead of relief my symptoms became more alarming in their torture, and being told by one that my disease being principally confined to the brain medicine would be of little consequence, I despaired of ever regaining my health, strength and energy; and as a last resort and with but a faint hope called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care, and by a strict obedience to all his directions and advice my head became clear and my ideas collected, the constant pain in my back and groins, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement, the misanthropy and evil forebodings, the self-distrust and want of confidence in others, the incapability to study and want of resolution, the frightful, exciting, and at times pleasurable dreams at night followed by involuntary discharges have all disappeared, and in fact in two months after having seen the doctor, I felt as if inspired by a new life—that life which but a short time ago I contemplated to end by my own hand. With the view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay, and recommend him to all who may stand in need of medical advice, being assured by my own experience, that under his care a radical and permanent cure will be effected.

State of California, County of San Francisco.
Subscribed and sworn to before me, this seventh day of April, A. D. 1856. Signed
[L. S.] JOHN MIDDLETON, Notary Public.

MARYSVILLE, June 3d, 1856.
DR. L. J. CZAPKAY, San Francisco—Sir: I have used the last of your medicine and do not think I shall need any more, as I feel very well except that I have not entirely got my strength yet, but soon will with the appetite I have. It is just three weeks, you may recollect, since I called at your institute, with my constitution, as I thought, broken entirely, and never thought you would be able to cure me perfectly, but thought you might be able to do something to ease the pain in my back and head and strengthen my nerves so that I would not get excited and tremble at everything. Now that you know what I expected, you may judge of my satisfaction at my complete recovery from those symptoms and the removal of those sores and blotches from my skin and the ulcers from my throat and the distressing page of those emissions, which you said were principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having fully got my strength, I feel as well as any man can feel.
Enclosed I send you twenty dollars over your charge, and think myself cheaply cured. If you think anybody will be benefited you may put this letter in the newspapers. Believe me, gratefully yours, THOMAS HAYDEN.

Thankfulness is the incentive to gratitude.
CERTIFICATE.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves a commendation not only as an act of scientific skill, but that of humanity also. About two years ago I suddenly and from causes unknown to me was seized with a fit of epilepsy, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (I was then led to believe) as to defy the skill of any physician. I was frequently, while in pursuit of my calling, thrown down to the ground without the slightest warning; and although insensible to the agonies, I yet despised the miseries of my life, and soon learned to look upon those who would render assistance or shelter me from danger as the men who sought to prolong the existence of my miseries. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and by recommendation, called upon Dr. L. J. Czapkay. I told him of my circumstances, and of my inability to reward him for his services; regardless of which, however, he at once undertook my case, and with the blessing of God I was once more restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I consider it due to myself and all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
